RELEVANT SKILLS

- Fluent in 4 languages
- Designer
- Video, Photo editor

PROFILE

As a computer science student, my educational experience in university has been a transformative journey filled with learning opportunities, personal growth, and the exploration of cutting-edge technologies. Pursuing a degree in computer science has allowed me to dive into the fascinating world of programming, problem-solving, and innovation. I am now ready and keen to pursue my career in the Information Technology world.

EDUCATION HISTORY

United States International University-Africa(USIU-A) Nairobi, Kenya

Bachelors in Computer Science

Years of Attendance: 2020 - Present

- Relevant coursework: Algorithms, Data Structures, Programming Languages, Operating Systems, Software Engineering, Database Management Systems, Computer Networks

Nairobi South Secondary School (NSNPSS)

O - Levels GCSEs

Subject:

- | | |
|----------------|-----------------------|
| • Biology(8) | • English Language(7) |
| • Physics(8) | • Accounts(7) |
| • Geography(8) | • Chemistry(6) |
| • Math's(7) | • ICT(6) |

Awarded Most Disciplined Student in the school 3 years in row .

SKILLS AND PROJECTS

Having completed coursework in various programming languages, algorithms, and data structures, I have developed a solid foundation in computer science principles. Through my academic projects and internships, I have gained practical experience in software development, testing, and debugging.

These experiences have honed my problem-solving skills and fostered my ability to work both independently and collaboratively within a team. Here are some of the project I have done:

- Founded and designed an app in the Figma site which has made me quite skilled in prototyping and design.
- I have been able to create and design social media posts with actual clients working with my friends which has increased my social skills and communication skills.
- Made a Face recognition AI as course work with automation and presented in class.

Skills:

- Programming languages: Java, Python, C++
- Web development: HTML, CSS, JavaScript
- Database management: SQL, Firebase
- Design & Editing: Figma, Photoshop, illustrator, Canva, Lightroom
- Adaptability to learn new technologies quickly

ACHIEVEMENTS

Disciplined Student 3 years in a row

Institution: Nairobi South School

Fashion event winner

Institution: United States International University

VOLUNTEERING

- Collected and donated to Kajiado children's Orphanage textbooks and food on my birthday.
- Volunteered to help out taking care of almost 70 kids on a trip to Mt Longonot and climbed till the peak with all of them, no injuries.
- Present various topics every Sunday to kids in temple which has also increased my presenting skills.

ADDITIONAL SKILLS

- **Languages** : Gujrati (Native), English (Fluent), Kiswahili (Fluent), Hindi (Fluent)
- **Microsoft Office** : Word, Excel, PowerPoint, Access
- **Photo & Video Editing** : Adobe Photoshop, Adobe Lightroom, Adobe Premier Pro, Adobe Illustrator
- **Social Media management** and ad posting

HOBBIES AND INTERESTS

- **Body-Building** : Training for almost 2 years naturally with no supplements at all.
- **Cycling** : Participated in a cycling race in school and won second position.
